Period of Discernment

Prayer Points

- For someone to take on the responsibility of Period of Discernment Co-ordinator as I move on to another Presbytery.
- For people to listen and hear the call of God in their lives within this Presbytery.

Report

- As I move on to Central Queensland Presbytery there is a need for someone to take up the role of PoD Co-ordinator.
- I have recently had one conversation with a person that I have encouraged to think about doing a PoD. Due to personal circumstances for that person I haven't followed up with them, but will encouraged them to connect once their circumstances make that possible.
